Reflection

This week we celebrate the Festival of the Creation in Christ. This Festival offers an opportunity for Christians to give thanks for God's creation and redemption of the world; to reflect on humanity's responsibility to care for the natural world; to pray for its renewal and also pray that we may be good stewards of the earth. Christians are encouraged to care for the world around them because God created it, is restoring it through Christ, and has promised to renew it in Christ in the future. This Festival speaks into the heart of the major environmental concerns of our time – climate change, biodiversity loss, pollution – recalling us to creation being held together in Christ.
